Convenors

Organizing Committee of National Seminar

ABOUT SWAHID SMRITI MAHAVIDYALAYA :

Swahid Smriti Mahavidyalaya, A premier institution of higher education of Arts Stream was established in 1989 in the heart of Belsor, a socially and culturally sound village in the west Nalbari region of Nalbari District. Belsor, a village wish is specially known not only in Assam but also all over India because of the historically famous temple “Bilbeswar Devalaya”, that was built by the king Nagakshya. The college is in the west direction of Bilbeswar Devalaya and approximately 15 KMs away from the district head quarter of Nalbari District.

Swahid Smriti Mahavidyalaya was established by a group of visionary people with tremendous mission to provide higher Education to the financially poor student of rural area so that those who could not dream of higher education would have the opportunity to earn a university degree. These people have been rendering sincere service for the academic progress and also the social and cultural circles since their establishment days. The college is affiliated as undergraduate Art Stream College under Gauhati University.

The untiring effort of the dedicated teaching and non-teaching staff and management have turned the college into a leading institution in the academic circle of Assam, which is seen in the previous results and performance of the college.

The role of the college is to prepare the rural community to encounter future challenges. We are happy to inform you that an order from the Govt. has already been received to start science stream and accordingly a proposal has been submitted.

ABOUT EASTERN KARBI ANGLONG COLLEGE :

Eastern Karbi Anglong College, a leading higher educational institution of the eastern part of Karbi Anglong district was established in 1997 at Sarihajan at the unstinting initiative and generous contribution of the local public. It has been receiving the services of qualified, experienced and dedicated lecturers. The College has acquired establishment and academic permissions from the Education Department of Karbi Anglong Autonomous Council, Diphu from the date of its inception in 1997. The college is affiliated under Assam University, Silchar. The college is accredited by NAAC with B+ grade. Since its establishment the college has recorded brilliant academic performance. Gradually, the college succeeds in carving out a name and fame in various fields including games & sports and literary activities. Now, the college has introduced science stream from 2020-21.

Contact : 8638801293

HOW TO REACH SWAHID SMRITI MAHAVIDYALAYA :

The college is situated at a distance of 17 K.M from the 31 National Highway and 15 K.M from Nalbari bus stand & Railway station. The Nearest airport is Gopinath Bordoloi International Airport, Guwahati which is at a distance of about 80 K.M.

ABOUT THE SEMINAR :

Scientific advancement denotes a very broad conception. As it does not only mean the development of Science and Technology but also it includes scientific way of analysis, having Scientific temperament, critical thinking process and so on. It is to be noted that there is a difference between the uses of Science and Technology and process of Scientific Analysis of things and having Scientific temperament. Behind the development of the human society no one can deny the contribution of Science and Technology. But Ironically Science appears in front of human being in the form of duel faces, i.e destructive and constructive. Certainly it depends upon the handling of human being. It can not be denied that in order to proceed towards the horizon of the development in the true sense human being has to possess Scientific outlook, Scientific temperament and process of Scientific Analysis. How such type of issues can be blended in a balanced way for the development of the human society, it is a buring question. So, in order to explore different kinds of issues regarding such matter the Seminar is going to be organized.

OBJECTIVE OF THE SEMINAR :

1. To provide a platform for exchanging views on the issues.
2. To pave the way for the development of human being through discussions and exchange of thoughts.
3. To explore Scientific outlook among people.
4. To raise questions on unscientific practices wrapped with so called modern veil.
5. To discuss problems and challeges about the related maters.
6. To Chalkout the plan and activites to meet the chanlleges.

CALL FOR PAPER :
